EXPERIENCE

MAY 2018 : THE COMPANION GROUP | BERKELEY, CA
PRESENT : *Senior Industrial Designer*

- Manage and mentor a team of two Industrial Designers and report directly to the VP of Product Development. Responsible for keeping development timelines on track to meet delivery dates and ensuring that designs meet project briefs and cost targets.
- Conduct market and trend research, ideation, sketching, 3D modeling, presentation rendering, rapid prototyping, CMF development, and CAD drawing creation for new design concepts.
- Develop dielines and create packaging mockups for low to high end customers and products
- Manage new product development from concept to delivery. Conduct email communication and photo and video reviews with overseas team, and travel to China (Guangzhou area) once a year for in person reviews.

OCT 2014 : RONBOW | FREMONT, CA
MAY 2018 : *Product Designer*

- Conducted market and trend research, assisted with merchandising, and had sole responsibility for ideation, sketching, 3D modeling, presentation rendering, CMF development, and CAD drawing creation for all new design concepts.
- Helped evolve the traditional brand image by designing modern collections that generated industry buzz and unprecedented pre-sale volume which led to increased exposure, sales, and revenue .
- Managed new product development from concept to delivery. Conducted email communication and photo and video reviews with overseas team, and travelled to China (Shanghai area) twice a year for in person reviews.
- Created calendars, timelines, standards, and procedures that helped organize and optimize both the US and China teams. Established finish review protocols to protect quality and consistency.
- Assisted with creation of marketing collateral and design of trade show booths and showroom displays.

JUN 2012 : POTTERY BARN KIDS | SF, CA
SEP 2014 : *Assistant Designer*

- Was recruited out of college for a one year paid internship, earned full time position upon completion.
- Worked in wall accessories, wall art, home accessories, storage, and toys departments, and assisted with ideation, sketching, CMF, and CAD drawing creation for those departments.

JAN 2010 : ACADEMY OF ART UNIV. | SF, CA
MAY 2012 : *Academy Resource Center (ARC) Tutor*

- Was selected by the Assistant Director of the Industrial Design School to tutor fellow students. Helped peers and underclassmen further their skills in drafting, sketching, Adobe Creative Suite, and Rhinoceros
